Dear Sir/Madam,

I am writing to express my strong objection to the proposed relocation of the Midwood Post Office from its longstanding location at 1288 Coney Island Avenue at Avenue I to Kings Highway.

The current location has served the community effectively since 1968, offering convenient access to postal services for residents and businesses within the 11230 ZIP code. Moving the post office over a mile south, just a few blocks from an existing post office, not only compromises the convenience but also moves the services outside of the 11230 ZIP code area.

This proposed relocation would be a significant disservice to the community, reducing accessibility for those who rely on walking or public transportation, and further congestion the area around Kings Highway. It is imperative that the USPS reconsiders this decision and prioritize the needs and convenience of the Midwood community that it has served for decades.

Thank you for your attention to this matter.

Sincerely,

Postal Customer
